Experience a Hurtigruten voyage onboard the newly renovated 500-passenger *MS Trollfjord* deep into the Arctic Circle and the Land of the Midnight Sun. Relive pioneering adventures on a magical sailing experience along the Norwegian coast up to the edge of the world. This journey offers a unique itinerary to the Far North of Svalbard, providing ample time for exclusive excursions in 16 carefully chosen destinations along the Norwegian coast. We will go deep into remote fjords, visit the northern gateway of Tromsø, stand at the North Cape, and sail past the remote cliffs of Bjørnøya. Each day reveals wilder landscapes and brighter skies until we arrive in Longyearbyen, the gateway to Svalbard's wildlife, history, and dreamy landscapes. We recommend you join us for our land-based Norwegian pre-tour. The pre-tour starts in Oslo then onto one of the world's greatest train journeys across Norway's interior including the fjord town of Flåm then finishing up in coastal Bergen.

Optional pre-tour available.
