Guest Name/Tour Code

### Sign and return ONLY if you are declining purchasing insurance

Globe Treks strongly encourages you to protect the financial investment you have made in your day tour and/ or your vacation tour with the purchase of travel insurance. Cancellations, travel emergencies and interruptions almost always incur additional expenditures and penalties. We are offering insurance to cover your tour. You may decline, or you may purchase your insurance through an independent insurance agent.

This waiver acknowledges that you have been informed of the option to purchase travel insurance protection and that you do not wish to do so, with the understanding that this decision may result in financial penalties for which you will be liable. By choosing to travel without insurance protection you are assuming responsibility for any and all potential expenditures and liabilities.
